

## 1253

### DESCRIPTION

Coarse, liquid rubbing compound with high cutting power.  
Suitable as the first polishing step, it removes scratches and sanding marks.

Traditional formula, suitable for cars, boats and GRP surfaces.

Free from silicone oils.

### CHARACTERISTICS

Base: aqueous emulsion W/O

Appearance: liquid paste

Colours: white

Specific weight: 1,27 g/cm<sup>3</sup> ± 0,05

### APPLICATION

Machine application with rotary polisher, on merinos wool pad such as code 86777L or honeycomb sponge pad such as code 86751 (yellow), depending on the substrate conditions.

When finished, use a microfibre cloth such as code 48370 (orange) to remove residues and to clean the surface.

Apply a fine compound or a polish as a finishing step.

*The effectiveness of our products is based on practical experiences and research work carried out in our laboratories; nevertheless we accept no liability for work carried out following our instructions being clear that the final result depends in all cases on a series of unforeseeable factors.*
