

1890

DESCRIPTION

Liquid rubbing compound.

It can be used both as a cutting and as a finishing rubbing compound; it does not leave streaks or sanding marks.

Formula specifically developed for polyurethane clearcoats (cars, trucks, boats) and other automotive coatings.

Free from silicone oils.

CHARACTERISTICS

Base: aqueous emulsion O/W

Appearance: creamy liquid

Colours: light grey, black

Specific weight: 1,13 g/cm³ ± 0,05

APPLICATION

Machine application:

- with a traditional rotary polisher and merinos wool pad such as code 86777L to remove sanding and washing scratches and marks;
- with random orbital polisher and pad such as LPR 21 code 86230G (yellow), code 86230A (orange) or 86230V (green), for finishing.

When finished, use a microfibre cloth such as code 48370 (orange) to remove residues and to clean the surface.

If desired, you can apply a polish with the sole function of increasing protection.

The effectiveness of our products is based on practical experiences and research work carried out in our laboratories; nevertheless we accept no liability for work carried out following our instructions being clear that the final result depends in all cases on a series of unforeseeable factors.
