

M64

DESCRIPTION

Coarse, creamy rubbing compound with high cutting power.

It removes scratches and sanding marks, even deep ones, particularly from old and oxidized paints.

Formula suitable for polishing polyester/polyurethane resins with felt rollers and felt or woolen pads.
Very appreciated in the woodworking sector.

Free from silicone oils.

CHARACTERISTICS

Base: aqueous emulsion W/O

Appearance: creamy paste

Colours: white

Specific weight: 1.53 g/cm³ ± 0,05

APPLICATION

Machine application with felt rollers and felt or woolen pads.

The effectiveness of our products is based on practical experiences and research work carried out in our laboratories; nevertheless we accept no liability for work carried out following our instructions being clear that the final result depends in all cases on a series of unforeseeable factors.
