

LEATHER CREAM

Nourishing cream based on noble waxes, specifically designed to deeply hydrate the leather.

CHARACTERISTICS

- Color: neutral
- Physical state: gel
- Base: aqueous
- PH: 5.5-7

SUBSTRATE PREPARATION

Remove dust and/or impurities from the surfaces that must be treated.

APPLICATION

Apply the product with the sponge and distribute on the areas that need hydration and cleansing. Once absorbed, remove the excess with a clean and dry cotton cloth.

Wait 15-20 minutes to ensure absorption.

It is recommended to test the product on a less visible area before use.

The effectiveness of our products is based on practical experiences and research work carried out in our laboratories; nevertheless we accept no liability for work carried out following our instructions being clear that the final result depends in all cases on a series of unforeseeable factors.
