

## SPRAY SBLOCCANTE DISSOLIDANTE

### DEFINITION

Cleans, unblocks/releases, removes rust, lubricates, and protects. It quickly frees up bolts, studs, valves, and piston rings by penetrating deep, dissolving lacquer, oxidized oils, various dirt, and removing carbon residue and oxidized metal particles.

It eliminates squeaks from hood and door hinges; it lubricates and protects from rust and oxidation on pedal joints, guides, seats, linkages, windshield wipers, cable terminals, and battery clamps.

### CHARACTERISTICS

- Chemical nature: solvent-based product
- Density: 0,67 g/cm<sup>3</sup> ± 0,05
- Color: amber

### INSTRUCTIONS FOR USE

Shake well the can before each use.

Spray the product onto the parts to be treated and wait a few minutes to allow deep penetration. Repeat the operation if necessary.

### STORAGE

12 months in a cool and dry place, protected from direct sunlight and in the original packaging.

*The effectiveness of our products is based on practical experiences and research work carried out in our laboratories; nevertheless we accept no liability for work carried out following our instructions being clear that the final result depends in all cases on a series of unforeseeable factors.*
