

CORDOLO SPON TAPE

DEFINITION

Flexible, self-adhesive polyurethane foam tape with an elliptical profile. It offers a quick and efficient solution for masking. It is specifically designed to significantly reduce the time required for masking and protecting vehicles before painting operations.

With a single application, it effectively covers the gaps around doors, the engine hood, trunk openings, as well as other spaces on the vehicle.

CHARACTERISTICS

- Chemical nature: polyurethane foam
- Density: 28 kg/m³
- Colour: white
- Dimensions: 13 mm x 50m
- Section elliptical profile : 13 x 11 mm
- Adhesive type: hot-melt
- Adhesive application: laminated
- Adhesive strip width: 7-9 mm
- Product appearance: roll of 11 rows, 5 meters long

STORAGE

12 months in a cool, dry place, in the original packaging.

The effectiveness of our products is based on practical experiences and research work carried out in our laboratories; nevertheless we accept no liability for work carried out following our instructions being clear that the final result depends in all cases on a series of unforeseeable factors.
