TECHNICAL DATA SHEET

REV.4 25/05/2026

FAST GLAZE

DEFINITION

Ready-to-use, brightening and cleaning liquid with a delicate fragrance.
It is an easy-to-use, very versatile product, with a wide application range. Can be used in car detailing and for removing dust and contaminants. Ideal when a final touch before delivery is needed. Use after washing, as a drying aid, to prevent streaks and residues.
Exceptional in removing fingerprints and stains, it is suitable for use on vehicles and boats on any occasion in which you want to clean and improve the gloss of painted bodywork, glass, and plastics. The improvement of the finish is perceptible both to the eye and to the touch.

CHARACTERTISTICS

- Chemical nature: water based
- Specific gravity: 1,00 g/cm^3± 0,03
- Color: pink
- Odour: light, lemon

APPLICATION

Do not apply in the sun or on hot surfaces. Work by dividing the surface in sections. Spray the product with the special dispenser, spread it with a microfiber cloth, let it sit for a short time and wipe it off with a dry microfiber cloth.

STORAGE

Store the product in a cool dry environment, protected from direct sunlight, at temperatures between 5°C and 35°C.

The effectiveness of our products is based on practical experiences and research work carried out in our laboratories; nevertheless we accept no liability for work carried out following our instructions being clear that the final result depends in all cases on a series of unforeseeable factors.
